

A HAPPY NEW YEAR TO OUR READERS

WHAT IT THINKS OF THE O. O. O.

Insurance Press Tells of the Recent Fraternal Squabble In Massachusetts

The following comes to our hand from the columns of the Insurance Press, a publication of standing in the insurance world and will doubtless be of interest as coming along the line with the recent Talbot-Meade et al. mix-up with the Order of Owls of this city. It is further stated, on good authority that Supreme President John W. Talbot O. O. O. requires \$100 from each town in which a new lodge is organized as his part of the loot. We publish the below for the benefit of our friends who are members or would be members of the order:

"The troubles of the Order of Owls which was recently suspended from doing business in Massachusetts because it was shown up as a money making proposition for the benefit of the 'grand' ensconced in the 'home nest' in South Bend, Ind.

The Massachusetts fledglings have 'shook' the parent birds and they propose to establish 'nests' of their very own, and with this end in view, have sought a charter from the legislature. But they are not going to do it without considerable of a scrap, redolent of the fraternal principals which are basis of the order, for an injunction has been sought to restrain these audacious owlets from flying so high.

Meanwhile, the seceders are carrying on an active campaign. In a stirring appeal for new members, they invite the reader, if you are a strong-liver, not a molly-coddle," to be "one of our thousand, high flying, fearless owls." It adds that no application will be considered unless accompanied by the maruma—the cash—the coin and invites prospects to "have a look" at the premiums offered for such successful canvassers and "get excited." The order offers \$100 funeral expenses for a member, \$50 funeral expenses for a member's wife; \$7 for a week's sick benefit for the first ten weeks' illness, \$4½ sick benefit for the second ten weeks' illness and \$2 for the remaining period of the sickness. Dues are 50c a month and initiation fee only six dollars. The circular naively states that "this is a paying proposition and needs money to run it."

"The parent bird, according to the result of inquiries of Examiner Richardson, evidently found it so. It is hardly necessary to add that the foregoing excerpts from its circular indicate the calibre of the men identified with the order in the Bay State."

DIED AT HOME OF SON

Former Resident of Connecticut Passes
Away—Buried in Chicago

James Paulk died yesterday morning in this city at the home of his son, Charles Paulk at the advanced age of eighty-five years. Mr. Paulk was born at Tolland, Conn., March 19, 1825, and in 1852 moved to Chicago where he lived until about nine months ago at which time he came to Rhinelander to live with his son, Charles. Mr. Paulk leaves one son and his family and a step daughter, to mourn his loss.

Mr. Paulk was much respected by all who knew him. The funeral will be held at the son's home, Friday morning; the remains will be taken to Chicago and interred in Forest Home Cemetery.

The funeral will take place at 9:30, and the services will be in charge of the A. F. & A. M. of this city. Rev. Grant Clark will act as pastor.

WILL COME TO MAJESTIC

Jess Pugh and Company to Be the
Attraction at That Playhouse Jan. 2.

The attraction at the Majestic on next Monday night is Jess Pugh and Company. Jess Pugh, the head liner in the company is a clever impersonator, a baritone singer of recognized ability and a dramatic reader of a force not found in the average reader. With Mr. Pugh comes Miss Hazel Lathrop, a soprano with a charming personality, an excellent voice and a finished pianist and accompanist. Miss Katherine Kellogg, the third member of the company, is a violinist of excellent ability and all her work is thoroughly professional and self reliant and her interpretation musical.

Mr. Zander is running nothing but licensed pictures at the Majestic and the nightly change of program is proving very popular. The incline of the floor has been changed that allows a perfect view of the screen from every seat in the house.

ENGINES IN SMASH AT MERRILL

Passenger Train Crashes Into
Lone Locomotive on Siding
---Engines Disabled

The Chicago, Milwaukee and St. Paul had a wreck at Merrill last week that entailed some property loss and a few minor injuries to passengers.

An open switch was to blame for the accident, No. 5, the north bound passenger, crashed into engine No. 662 and badly damaged the two engines. The coaches were filled with passengers on their way to spend Christmas and when the collision came there was a scramble to get to mother earth and Christmas packages and suit cases were abandoned in the panic.

A steam pipe was broken on one of the locomotives and the hiss of escaping steam only added to the terror of the passengers.

The passenger train was a half hour late and the engine crew was just starting to make up their train preparatory to their work of hauling logs. The passenger engineer noticed too late that the switch was open and his engine crashed in to the rear of the other engine, both engine crews jumping to escape injury. The wreck train from Tomahawk was hurriedly called and traffic resumed in two or three hours.

PAPER MAKERS DANCE MONDAY

International Brotherhood of
Papermakers and Friends
Spend Pleasant Evening

The International Brotherhood of Paper Makers held their first annual dance Monday evening in Gilligan's Hall. The Paper Makers were organized last October and it is the purpose to give at least one annual hop and if the success of last Monday night is an index to the future, the organization can hold affairs of this character more often than annually. The hall was decorated in a most tasteful manner, streamers and evergreen being everywhere which with the Christmas bells made a very pretty effect. On the orchestra platform the letters I. B. of P. M. stood out in bold relief of vivid green. The full Military orchestra was in attendance and the two hundred and fifty young people and not a few middle aged young people enjoyed the evening as only devotees of the gentle art of dancing can.

DAN CUPID STEALS A BASE

Miss Morrison and Mr. Markham Quietly Married Dec. 25,
by Rev. Clark

On Sunday evening at 6:30 occurred an event which came rather unexpectedly to the friends of the young people—unexpected because of the manner in which it was gone through with, without a murmur of the fact being so, until the couple were safely married and enroute to St. Paul.

The friends of Len Markham and Miss Ruby Morrison had long said they would marry but Markham put one over on the "Big Four" when Friday he quietly went to Judge Billings and secured a special permit to wed, and the Judge with a firm resolve to aid Cupid in every manner possible, kept mum on the subject as a well regulated judge should.

Through the next two days Markham went about without wagging an ear or batting an eye and no one suspected, from the innocent face he carried, of the momentous secret he was carrying in his breast and the consequential paper that lay in his pocket.

Sunday evening Mr. Markham and the now Mrs. Markham accompanied by Mr. Ed. Boyce and Miss Mary Schlotke bled them to the Congregational parsonage and then and there Rev. Grant Clark performed the ceremony that made Len Markham and Ruby Morrison man and wife. After the ceremony there was a quiet supper at Henning's restaurant, and patrons of that place had no suspicion of the persons at table being a wedding party. Mr. and Mrs. Markham went on the two o'clock morning train for St. Paul.

Mrs. Markham is a daughter of Mrs. Robert Brush of this city, and Mr. Markham will be employed after the first of the year at P. F. Seibel's clothing house. They will be at home in the Martin Flats sometime early in the new year. Meanwhile a host of friends join in wishing them a prosperous life's journey.

MARRIED WEDNESDAY EVE.

Victor Alderson and Orpha Brittan
Wedded at Residence of Bride

Mr. Victor Alderson of Wausau and Miss Orpha Brittan of Rhinelander were married at the residence of the bride's parents, Mr. and Mrs. Peter Egloff, Wednesday evening, by Rev. Clark of the Congregational church, in the presence of a few intimate friends. Following the ceremony the company repaired to the Rapids House where a quiet wedding supper was served.

Those at table, other than the newly wedded couple, were Reverend Clark, Mr. and Mrs. Peter Egloff, Mr. and Mrs. Peterson and Miss Ruth Barnes.

Mr. and Mrs. Alderson went on the Northwestern 11:22 to Milwaukee and thence will go on a western trip. They have not fully decided as their future location.

HAS NEW ENGAGEMENT

Miss Minnie DuBey to Sing Illustrated
Songs at Opera House and Bijou.

Miss Minnie DuBey has been engaged by Hansen and Taylor to sing the illustrated songs at the Bijou and Opera House.

Miss DuBey since her coming to this city has proven herself a most popular singer and her five years of professional work has fitted her well for the task set before her. Her musical training was under that well known artist, Miss Bessie Marie Mayhew, formerly soloist with Sousa's band, and now of the Breon School of Music, Oshkosh, and her professional engagements have included the Majestic Theater of Detroit, the Bijou under the management of Mr. Whitcomb, and the Colonial Theater, management of Mr. Hogan, both of the latter of Oshkosh. Miss DuBey sings a deep baritone in imitation of the masculine baritone but her best is in mezzo soprano and her work in this line is very pleasing. Her engagement with Hansen and Taylor will continue indefinitely.

AMATEUR CAST DID WELL

The Girl of The Mountains Given
By Modern Samaritans Creditable Performance

The Modern Samaritans presented the Girl of the Mountains at the Opera House last Thursday evening. The work done by the amateurs before the footlights were good, and the play throughout lacked those little hitches in dress, properties, lines or scene shifting that sometime mar amateur work. Manager Vera had his company well in hand and everything worked out nicely. The play opens in Arizona with the typical villian and ends in New York with everybody well and happy—excepting the villian who is dead and gone to a questionable reward. Mr. Christensen had the villian's part and so acted as to gain the dislike of the audience as all well regulated villians should.

Miss Donnelly as "Nance" played a good lead as did Ernest Vera as "Barney." Miss Evers took the part of Lucy Ripley and Victor Denne that of Mr. Ripley in a very creditable manner. The other actors performed their parts excellently. Between Acts III and IV Mr. Henderson of Duluth gave a short talk on the Modern Samaritans and the benefits derived from their form of insurance.

MAKES IMPROVEMENTS

Fuller House Manger Makes Changes
to the Good at That Hotel

The new manager of the Fuller House, Mr. William Ross arrived last week and since that time has effected a transformation on the interior of the hotel. The furniture has been retouched and made to look like new; the wash room newly enameled; new carpets laid and the house given a thorough renovation from basement to garret.

Mr. Ross was formerly manager of The Beaumont of Green Bay and more lately of the Hotel Portage of Portage and has a wide acquaintance with the traveling public. Patrons of the Fuller House say they never saw a hotel looking more epic and span than now.

RED CROSS SALE.

The grand total sale of Red Cross stamps in the city of Rhinelander as reported by the Charity League is \$185, of this amount the school children sold \$50.87. One half of this money will remain in Rhinelander and the other part goes to the state association.

NO STRIKE FOR R. R. ENGINEERS

Trainmen and General Managers Agree on Settlement—
Christmas Eve Peace

A Christmas gift of four million dollars annually in increased wages was granted last Saturday to the locomotive engineers on sixty one western railroads. This is an average advance 10.19 monthly to 32,780 men or an increase of 10.3 per cent. The agreement makes a peace pact between the railroads and engineers for several years.

To U. S. Commissioner of Labor Nell, the credit is largely due for bringing about the settlement. After both had refused to make any concessions the government mediator prepared a tentative agreement which he submitted to the engineers and general managers with the ultimatum that it was the last proposition he would present. The general managers, after some opposition agreed to the proposition. At the time of Nell's arrival the engineers were seeking almost 17 per cent increase in the old pay. The railroads have agreed to a raise of approximately 9½ per cent and as early as Thursday only a small margin of difference separated them. The agreement coming at Christmas means an annual increase of \$192 for each man in the brotherhood. Also the relief of thousands of shippers who have hung on the words of the conferees when it seemed as if a strike would tie up the lines north and west of Chicago.

BREAK INTO GRAINERY

McNaughton Man Loses Meat and
Other Articles Tuesday Night.

Some parties who prefer to take nocturnal excursions and secure supplies for the winter, in place of raising it, broke into J. Conrad's granary and stole some 400 lbs. of meat and other foodstuffs.

Mr. Conrad lives about a mile from McNaughton station and thus far has not discovered who the parties were who made the visit Tuesday night but they may anticipate a warm reception on making a second call.

SAMARITANS ELECT OFFICERS

Oneida Council No. 108 Choose Officers at Last Meeting.

The Modern Samaritans at their business meeting elected the following officers for the ensuing year: Pres.—Martin Johnson. Vice-Pres.—Lillian Russ. Scribe and Fin. Scribe—Chas. Herick.

Treasurer—Wm. Allely. Chief Messenger—Walter Hardy. Junior Messenger—G. A. Ames Jr. High Priest—Israel Reno. Levite—Nellie Moore. Inn Keeper—Herman Hartman. Centurian—Jay Russ. Watchman—John Paulick. Trustee for 3 yrs.—Wm. Allely. Trustee for 2 yrs.—Aug. Cooper. Trustee for 1 yr.—Nellie Moore.

OPERATION SUCCESSFUL

Mrs. Julius Follstad 678 Mason St. was taken to St. Mary's Hospital, Monday morning in preparation for an operation for appendicitis. Dr. Packard successfully performed the operation the following day and every thing points to a speedy recovery.

BUYING SHIP TIMBERS

Fred Farris of Foxcraft, Maine, is in the city buying ship timbers and ship knees. He is in the market for 100,000 ship timbers and 2000 ship knees. Mr. Farris says that ship building along the eastern coast this year will be enormous. He will be in this vicinity about two weeks.

AGAINST TRADITIONS

Sheldand Marks Time at a 2:10 Clip
Without Windshield

That Master David Hor's pony belongs to the 2:10 class, was clearly demonstrated Friday morning. David being on the north side, decided to stop at the green house and purchase some beauties, and the pony evidently not caring to remain alone, started down the street at a rather alarming gait. David hurriedly boarded the cutter but lo, he found to his great dismay, that he could not stop the dashing charger. As the pony neared home on Oneida Ave. F. Strobe, an on-looker succeeded in stopping the much excited animal. David now has the racer on exhibition at the stable and contemplates entering him in the races at the Minnesota State Fair next fall.

TEACHERS WILL MEET.

Programs of the annual meeting of the Northeast Wisconsin Teachers' Association to be held at Oshkosh, February 10-11, are out. The program consists chiefly of addresses and discussions.

RECEPTION AND DANCING PARTY

Mr. and Mrs. W. E. Brown Entertain at Gilligan's Hall
Tuesday Evening

Gilligan's Hall was the scene of a very pretty reception and dancing party Tuesday evening, given by Mr. and Mrs. W. E. Brown and daughters, Edna and Dorothy and sons, Richard and Allen.

The hall was tastefully decorated with evergreens and palms, the doors and windows being a mass of verdure and the orchestra being embowered with green plants and fir trees. Up and down the hall were cozy corners with rest seats, surrounded with tasteful decorations indicative of the holiday season. Immediately in front of the orchestra stood a large evergreen resplendently decorated and shimmering with tiny electric lights.

Mrs. W. E. Brown, Miss Dorothy Brown, Miss Constance Rice, Miss Edna Brown and Messrs. Richard and Allen Brown welcomed the guests at the door and little Misses Ruth Raymond, Florence and Katherine Brown presided over the punch bowls.

At eight-thirty the guests to the number of more than a hundred being assembled, the Military orchestra struck into the strains of "Green Kisses" and the waiters were on the floor in a moment.

At twelve o'clock light refreshments of brick ice cream and assorted cake were served and the dancing was then continued to one o'clock. The out of town guests present were: Miss Constance Rice of Tacoma, Wash., Mr. and Mrs. Gerry Brown of Spokane, Wash., Marson Pierce of Milwaukee, John Sawtell of Oshkosh, Ralph Brown of Seattle and Elmer Howard of Milwaukee.

YEGGS BLOW UP SAFE

Depot at Mason Robbed—Loot, One
Cheap Watch

Yeggs blew the safe in the Omaha depot at Mason and were rewarded for their pains by a cheap watch.

A good description of the burglars were obtained and the police of surrounding towns were notified to be on the watch for the three men that are supposed to have pulled off the job, but to this time they have been able to elude arrest. For the past month or more the northern country has been infested with one or more gangs of this kind, who seem to be partial to depots.

Irma
The business district of Irma was almost wiped out by fire. The origin is not known but it is presumed that it was caused by an overheated stove. A saloon, boarding house and other buildings were destroyed. One store building was saved.

Marshallfield
The Marshallfield Times will inaugurate a voting contest for the most popular lady. A grand prize of a \$100 piano are among the many valuable prizes offered.

Wausau
Martin Christensen of this city is celebrating the sixteenth addition to his family. Five of the children are dead. Mr. Christensen is forty-eight years old and has been married twice.

Wausau
All the machinery for the pulp experiment station is here and nearly in its place. The stock used for experimental purposes will be jack pine, hemlock and tamarack. The purpose of the station is to determine whether these woods can be used to make a commercial grade of ground wood pulp fit for news print and wrapping paper.

Wausau
Thomas Fitzgerald fell through a canvas stretched over a hole on the second floor of the Wausau Paper Mills Co. at Brokaw and his neck was broken. The injured man died

about twelve hours after the accident. Fitzgerald was employed in the bleach mixing building. The second floor of this building had a large hole in the floor which was covered by a canvas to keep the heat from a stove below, which was concentrated in drying a concrete tank, from escaping. In walking across the floor, he stepped through the canvas and fell head foremost to the cement floor below.

Merrill
An early morning fire completely demolished the Palace roller rink building owned by the Merrill Amusement Company. The fire was first discovered about five o'clock and when the firemen arrived on the scene the entire building was a mass of flames. It is believed that a defective stove caused the fire. It is the custom to fill up the stove with wood so that the building will remain warm. The structure was a well built one and cost several thousand dollars while the other utilities and furniture cost a great deal more money. Among the stock holders are J. A. Wright of Merrill, Mark Bellis, Orlid Belanger and Dan Healy of Wausau. A stock holders' meeting will be held within a short time and plans for the future discussed. The insurance amounted to \$10,000, and as it is a complete loss they will receive that amount.

Tomahawk
The new Plymouth building in Minneapolis will be the home of the Gillette-O'Leary company, lumber dealers and the change will be made by the first of February. The Gillette-O'Leary company began business in this city early this spring and have built up an excellent business. Many of the patrons of the company are in Minneapolis and the change is made to better handle this business. The company is composed of Fred E. Gillette and Dennis E. O'Leary.

Jessieville
Fire visited Jessieville early Thurs

day morning and several thousand dollars worth of property was destroyed. The fire originated in an old store building and when discovered the room was ablaze. A number of the buildings in vicinity were badly scorched by the flames among them the Finnish Methodist church a building owned by the Newport Mining Co., and a residence property. The loss will be between \$500 and \$8000.

Merrill
A large number of woodmen came in from the camps to spend the holidays in town. The scene made the place look like long ago when the lumber jack was the backbone of Merrill's prosperity.

Portage
The final plans have been completed for the building of the Madison-Portage strip of the Chicago & Wisconsin Valley railroad and work will be begun the first of April at both Madison and Portage. Surveying the extension to Stevens Point will begin soon and the entire line is expected to be completed during 1912. The line will extend through Stevens Point to Grand Rapids and Merrill.

Ashland
The blast furnace has now under way the construction of the largest building in this city. It is an ore-drying room 20x12 feet and will contain three railroad tracks so that twenty-four cars may be housed at one time.

Rice Lake
Judge Samuel J. Williams becomes district attorney of Sawyer county the first of the year. In 1908 Williams was elected as first municipal judge on the republican ticket. It is said he is not friendly to the lumber companies, which are reported to rule Sawyer county, nor to Attorney Davis, whose place he is to take.

TO CELEBRATE NEW YEAR

Festivities to Be Held in Scandinavian Hall Saturday Evening

The Scandinavian New Year's celebration will be held in Scandinavian Hall on north Brown St. next Saturday evening at 8 o'clock. The program will be a good one consisting of speeches, singing and dancing. L. Bruso's orchestra will be in attendance and the invitation is extended to everyone to come and spend an enjoyable evening. Messrs G. Sjelbred, G. Hagberg, E. Johnson, O. Helgetvitt and R. Lee are the committee having the matter in charge.

GOOD NEWS.

Many Rhinelander Readers Have Heard It and Profited Thereby.

"Good news travels fast" and the thousands of bad back sufferers in Rhinelander are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

Frank Rogers, 750 Wabash St. Rhinelander, Wis., says: "My experience with Doan's Kidney Pills has been so satisfactory that I do not hesitate to recommend them. I was subject to attacks of backache and there were acute pains through my kidneys. When I learned of Doan's Kidney Pills, I got a box at Reardon's Drug Store and in a short time after beginning their use, I received relief."

TRAINING SCHOOL TO OPEN
The Training school will open its session after the holidays on Tuesday, January 3rd. A number of teachers, whose term of school has expired, will enter at that time. This is an excellent opportunity for such teachers to make decided progress in their profession and to fit themselves for better positions at better salaries. Calls for TRAINED teachers were never so numerous and insistent as at the present time.

HAYWARD SCHOOL NEARLY CUT OUT

Has a Narrow Escape—Congressman Lenroot to the Rescue Appears Before Senate

Washington dispatches say that the Indian appropriation bill as reported by the committee on Indian affairs to the house, contemplated the abandonment of the Indian school at Hayward.

Congressman Lenroot made a fight upon the floor of the house to restore the appropriation, giving as his reasons that the school was now doing good work and to abandon it would mean that the Indian children at La Court Oreilles reservation would be compelled to go without school privileges. When the motion to restore the appropriation was defeated Mr. Lenroot appeared before the senate committee and made an argument for the restoration of the appropriation and was successful in getting it included in the bill which has now been reported to the senate.

This will insure the continuation of the Hayward Indian school, as the house will doubtless acquiesce in the senate's action.

ALFALFA THE MONEY CROP

Interesting Little Volume That Has Come to Hand Through Northwestern

This office is indebted to M. W. Hollister of Antigo, traveling agent for the Northwestern, for a very interesting little volume which is titled "Alfalfa, The Money Crop of the West and Northwest." The Northwestern has for the past several years conducted experiments in the production of alfalfa in South Dakota in a latitude about that of Oneida county. Further any land that will produce alfalfa is worth not less than \$100 per acre and it has been its history whenever land has been made to grow this revenue producing crop, the value per acre is much advanced. There is a mine of information in the book to the actual and prospective producer of this forage crop. The selection of ground, value of new or old land fertility and preparation, drainage cultivation, seed, time to seed, and the preservation of the crop is taken up and discussed briefly and concisely. A number of testimonial letters from alfalfa growers are included in the volume together with letters from various experiment station experts.

DIES AT JENNINGS.
Miss Amy Rejzinska, a young lady of Jennings, died last Thursday.

The deceased was about twenty-two years of age and her loss is deeply felt by her sorrowing parents and kinsmen.

The funeral was conducted by Rev. Father Racaszek of Rhinelander.

\$35,000 RAISED BY RED CROSS

Officers of Wisconsin Anti-Tuberculosis Association Estimate Sales During Holidays

While definite returns on the Red Cross Seal sale in Wisconsin will not be had for several weeks, it is believed by officers of the Wisconsin Anti-Tuberculosis Association that the total will be at least three and one quarter million seals. When the campaign closed Saturday night a total of \$313,602 seals had been sent out from the offices of the association. Past campaigns have shown that about 20 per cent of the seals are returned unsold. This means, if this calculation holds good, a total of \$34,000 raised for the Anti-Tuberculosis fight.

The awarding of the prizes offered for the sale will not be awarded until the last of January when the returns from the 500 campaign managers throughout the state will be received.

WHY NOT TURN THE EVENING HOURS INTO MORE SALARY?

You can do this by pursuing a course in our night school at a very small outlay of time as well as money.

The young men and women who have the right kind of business education cannot fail and are bound to be successful, but so many young people hide behind the excuse "some day." We are doing our part to place before you the advantages of a practical education. Are you willing to do your part? Investigate.

There is nothing to be gained by merely wishing you could do. Wishing is not planning and planning is not doing.

Plan to attend our Night School NOW, begin Jan. 3rd.

THE NEW NORTH.

THE NEW NORTH PRINTING CO.
DECEMBER 29, 1910

We are glad to see that the Rhinelander Creamery Co. has reduced the price of milk to its customers a cent a quart. At best living expenses are high and any reduction in the cost of the necessities of living must be of great benefit to the consumer. The Creamery Co. is entitled to much credit for making a move to help reduce the cost of living to all classes.

Can it be possible that the U. S. Senate will exonerate Senator Lorimer from the bribery charges in connection with his re-election? We shall hope and pray that there are enough real men in that body whose seats are not tainted with money to honestly investigate these charges, and vote as their consciences dictate. The pulse of the people demands honesty in public matters.

FAILED TO PAY HIS BILL.

Geo. P. Hambrecht, of Grand Rapids, unsuccessful candidate at the primary for the Republican nomination for congressman from this district, has filed a statement with the secretary of state that his campaign expenses amounted to \$2,440.35.

If the Honorable (?) Geo. P. Hambrecht had paid his political advertising bill at the Mining News office, his campaign expense account would have been \$2,045.35.—Florence Mining News.

USES OF ADVERTISING.

Sweet are the uses of advertising. They loosen purse strings and impart a motion to the nimble dollar. They dispel the season's dullness and remove one's wrinkles from the brow of the business men. They are the delight of thrifty house wives, and the male bargain hunter cannot resist their blandishments. They create values, beget competition. They are barometers of trade. They create fortunes. Their friends are on both sides of the counter. They educate the people and swell the ranks of the shoppers. They are a stirring force in every community in which their arts are employed. Their extent indicates the city's style. Show me, says a distinguished merchant, the advertisements of a city, and I will show you the city's balance sheet.—Washburn Times.

NO ROSES FOR HOOPER.

Since Thos. Hooper, City Superintendent of Ashland, purchased the Ashland Press last fall, and changed its policy from a radical stalwart to a wide-awake progressive sheet, his path has not been strewn with roses in his school work. The tendency seems to be to get Mr. Hooper out of his position as City Superintendent at some cost. Whenever he makes a statement, an attempt is made to insinuate that Mr. Hooper is not speaking the truth. Mr. Hooper ought to know that the "Special Interests" are not respecters of persons or positions. When an attempt is made to interfere with their plundering the public, every stratagem possible is used to destroy the cause. Rhinelander people are well aware of that.

WHAT DOES THIS MEAN?

Senator Robert M. LaFollette, Aug. 20, 1910, addressing a delegation of Progressive Republicans at his home near Madison: "Corruption stalks abroad in Wisconsin today. Money is being spent freely and lavishly to defeat the cause of representative government. Money is being expended in large sums to defeat in the legislature the will of the people as expressed in the primary.

"The leadership of the opposition represents the thug and the bludgeon. It is the kind of leadership that four years ago compelled two members of the legislature to stay out of a party caucus called to consider the nomination of a United States senator.

"It is the kind of leadership which cannot win without bringing eternal disgrace to Wisconsin.

"The proper place for some of the men who are in the campaign on the other side, those who are resorting to corruption and other kinds of fraud, IS THE STATE PENITENTIARY. AND I HOPE TO HELP TO SEND THEM THERE."

Yes, and they began by organizing so-called Taft conventions to deceive and misrepresent the masses. Rhinelander had a fair sample of the methods used.

MUST WORK TOGETHER.

If the organs of the "Special Interests" were to be the guide, the laborer certainly would be glad that he is alive. For generations it has been a conceded fact that two equally coordinate factors in production are capital and labor, and now we are told how we could not live if capital were not charitable. In the first place we know of no corporation in this community that could exist without labor. If all the labor of the

city were to depart what would become of capital? On the other hand labor would be equally unproductive without capital. Then it is plain that one is just as indispensable as the other and we have no more reason to bow down and worship one than the other.

Both should work in harmony for the best results. More; is there any capital in the community being worked in an industrial way for charitable purposes only, or is it uniting with labor because it is profitable for it to do so? If we respect capital for its use in production, we should respect labor. Surely the two are mutually indispensable to capital. If you wish to produce, you owe labor as much as labor owes you, and should give labor its full share of the product. A harmonious uniting of the two with undue advantage to neither brings ideal results.

LORIMER'S VINDICATION.

Very extraordinary document, that report of the senate committee on privileges and election declaring that Senator Lorimer of Illinois is entitled to his seat. It is true that one member of the committee has figured out that if Lorimer votes in the Illinois legislature that are known to have dallied with corruption are not counted. Lorimer is not entitled to his seat; but the majority of the committee has it figured out very differently.

The committee says that those who confessed to having taken bribes should not be believed, and that the votes of those whom these confessions show to have bribed others should be counted. The necessity of admitting the existence of a corruption fund was unavoidable, but the committee insists that there is no proof that it was used for Lorimer. This in spite of the fact that those who confessed to taking bribes said that the money they got was for voting for Lorimer.

Having done their duty by the Republican party, which is in great need of keeping all the Standpat vote it has, the members of this committee may now remove the clothespins from their noses. The people, examining this report, will need them.—Duluth Herald, (Ind.)

PARISH HAS OPPOSITION.

It now looks as though Judge Parish was to have a strong battle for re-election in his judicial district. Judge Parish has had his nomination papers in circulation for some time and now G. N. Risjord, a prominent Ashland lawyer, has officially announced his candidacy.

As in the contest six years ago these two men ran against each other and received practically the same vote in what is now the same circuit, the coming contest between them bids fair to be decidedly interesting. Following is the statement issued by Mr. Risjord:

To the voters of the fifteenth judicial circuit, Wisconsin:

At the coming spring election you will be called upon to elect a circuit judge. You will remember that six years ago I was one of the candidates for this office. The vote at that time in the circuit, as it is now made up, stood as follows: Total vote 10,405, of which E. C. Alvord received 2,400, Judge Parish 4,057 and I 3,945, as you will see by the Blue Book for 1905. Judge Parish was therefore elected by a plurality of 111 votes over me.

Since that time I have come in contact in a business and social way with a great many people of this circuit, whom I did not know at that time, and who have urged me to again become a candidate for this office.

Judge Parish has had his nomination papers circulated already, as I understand, throughout the circuit and I am receiving frequent inquiries from the different counties in the circuit, as to whether or not I will be a candidate again at the election in April.

I therefore take this means at this time of conveying to you my sincere appreciation of the splendid endorsement received six years ago, and also of announcing that it is my intention to again become a candidate for this office to be voted on at the next spring election, and I trust that you will give my candidacy favorable consideration.

POLICE NEWS.

Lute Jeffries was arrested Thursday about nine o'clock by Chief Straub charged with stealing harness from James McGowan's barn on Anderson St. When arraigned before Judge Walker in Municipal court the prisoner waived examination and was bound over under bond of \$250 to the circuit court.

Frank Pecore was arrested Saturday evening by Officer O'Malley for disorderly conduct and taken before Judge Walker Monday where he was assessed a fine of twenty dollars and costs which was paid.

DECLINES TO ATTEND MEETING

Spargo Draws Attention to Some Good And Some Evil in Scout Movement

There seems to be quite a little opposition developing to the boy scout idea. Those opposed take the ground that it is being pushed by military men and is to develop imperialism.

Invited to become a member of the National Council of the Boy Scouts, of which President Taft is honorary member, and to which council belong Col. Roosevelt, Jacob Riis, and other notables, John Spargo, declined in the following letter:

Lee F. Hammer, Esq., 124 East Twenty-eighth Street, New York City.

My Dear Sir: Your letter of Dec. 6, 1910, inviting me to become a member of the National Council of the Boy Scouts of America, of which council the president of the United States is the honorary member reaches me here.

Among the members of your National council are several of my personal friends, men whose work for the welfare of our youth deserves the highest praise.

I regret, therefore, that I must decline the honor implied by your invitation, for the reasons which follow:

During my stay in England recently I availed myself of the opportunity to study the Boy Scouts movement which my visit afforded.

That the movement has done and is doing a wonderful amount of good to the boys, through healthful exercises and pastimes cannot be doubted by any one who has observed the great superiority of the boy scouts over other boys in their physical appearance, habit and general deportment.

Now, as most of the boy scouts I saw in England belong to the working class, I could not do other than rejoice in the benefits they were enjoying. As a Socialist, I am fully persuaded that the workers in all lands will be better able to work effectively for a better state of society, as a result of every physical, mental or moral advantage they enjoy.

But, observing the English scout movement, I was painfully impressed by the fact that it undoubtedly makes for the development of a dangerous military spirit. Wherever I went in England I found blatant, aggressive jingoism rampant. A menacing war spirit, directed against Germany in particular, seemed to be so widespread as to be a menace to the peace of two great nations and the world.

That the boy scout movement has the effect of adding to this menacing militarist spirit is beyond serious question. You cannot have hundreds of boys and girls (for they have girl scouts in England!) organized in military fashion, wearing uniforms, terms and practicing military drills and duties, thus making military forms and habits the dominant force in their lives, without fostering a spirit of militarism in the people.

This objection to your organization and all similar organizations, seems to me to far outweigh their advantages. The best friends of the boys of America will, it seems to me use their influence to prevent the development of the scout movement, and try to substitute for it a movement having all the admitted advantages of the scouts, but devoid of its pernicious militarist spirit and character.

In the summary of the "scout law," which you send me, I find the following:

"A Scout is loyal to his country, his parents, his officers, AND HIS EMPLOYERS. He must stick to them through thick and thin against anyone who is their enemy or who even talks badly of them."

With much of this law I agree. I believe, however, that it is poor service to the boys of the working class in this country to emphasize loyalty to their employers rather than to their own class.

We cannot ignore the class conflict which characterizes the life of the nation today.

It is my profound belief that the best interests of the nation will be served by the success of the working class in that struggle. And to emphasize loyalty to their employers where that involves disloyalty to their own class, is to impose upon

THINKS POLICIES OF THE NEW NORTH WRONG

Stockholder Takes Exceptions to New North's Attitude on Divers Things—Among Them the Court House, Policies for the Masses, and Gum Shoe Convention.

Mr. Editor,

"We do not agree with the man who pretended to be pleased because F. A. Lowell has purchased a share of stock of the Rhinelander News. Of course ever since F. A. Lowell has been here he has been active in the support of all industries for the benefit of the city but he is too outspoken. He is not a good enough listener. And is not willing to accede to our wishes in public questions. More, "we" started a paper because "we" wanted someone to boost "our way."

Of course the New North has always taken a stand for the uplift of the community morally and industrially and we have frequently told them

so, but they have interfered with "our" plans and consequently "we" wish an organ of "our" own, "one that gives the biggest head lines on the paper for anything we do, whether important or not."

When "we" tried to prevent the re-election of the Court House, the New North did all in its power to advocate one. When "we" opposed street improvement, the New North again opposed "our" ideas, and when "we" called a "gum shoe convention" and represented it as a "regular" republican convention, again the New North ridiculed "our" efforts.

More, the New North has continuously advocated policies favorable to the masses and in opposition to the special interests of the few.

To show how well "our" scheme has worked since our organ started we will say that the city of Rhinelander gave our "special interest" candidates 112 votes out of about a 1000 at the primary election. Now "we" have started a new slogan "Trade at Home" to catch the people. Of course we have always traded out of town, but we wanted a slogan to deceive the merchants and make them feel good so took up the "Trade at Home."

It now remains to be seen whether "we" will have any better success in fooling the people in business than "we" did in politics. It will take time to decide.

Yours truly,
STOCKHOLDER OF NEWS.

the boys an ethical code that is essentially false and dishonorable, disastrous to themselves and to the nation.

BOARD MEETS TUESDAY.

The County Board will meet Tuesday afternoon, Jan. 3, at 2 o'clock to attend to all unfinished business left over by the annual meeting and to take up any new business which they think of benefit to the county.

At this meeting there seem to be several candidates for the office of Supervisor of Assessments. We believe in this office. We believe the work should be done well and then the man who does it should receive pay for services rendered. When the salary was cut below four dollars a day it was a move in the wrong direction.

Require good service and pay well for work rendered should be the motto for every public office.

NORTH SIDE.

Miss Margaret Shelp is spending the holidays at her home on N. Brown street. She will return to Oshkosh about January 7.

Mrs. Julius Falstead of Mason St., was operated on at St. Mary's hospital Tuesday morning for appendicitis.

Mrs. Gus Swedberg is seriously ill at her home on the north side.

Mrs. Bisby and daughter, Vera, of Lac du Flambeau is the guest of her mother, Mrs. Sawyer on Alban street.

Miss Maggie Mabe was confined to her home for the past week with lagrippe.

Miss Maggie Wright returned Friday from Marshfield where she visited her sister, Mrs. Laberge who was operated on for appendicitis.

Miss Mae O'Neil of Robbins is a guest at the home of Mrs. Catherine Bouffau this week.

Miss Lizzie Sullivan of Dist. No. 5, of Pine Lake closed her fall term of school last Friday evening for a vacation of two weeks. A beautiful program was rendered in which "Hiram and Huldai" did justice to their respective parts. After the program gifts were distributed among the children and ladies. Miss Sullivan was presented with a beautiful gold cross from the ladies of the neighborhood. A sleighing party to Grove out from town and all had a most enjoyable evening.

CUT TREES ON STATE LANDS.

This Christmas tree stealing should be stopped. All the young trees on the cut over lands should be allowed to stand and every good citizen should aid in the effort to bring to justice Christmas tree thieves.

We are told by Henry Wubker, Chairman of the town of Newbold, that four carloads of Christmas trees have been shipped from McNaughton this season by a member of the town board of Newbold, and it is claimed

ed that most of the trees were cut off the state lands without any authority for so doing. And that the people who cut the trees had to settle with state authorities for violation of the law.

Now, if we see wrong doing it is not only our right but our duty to have the criminals brought to justice, and Mr. Wubker is right in pushing the prosecution of men who have illegally cut trees in the town of Newbold.

HURT AT COAL CHUTE

Engineer and Fireman Tumble From the Tender at Pembine.

Fireman Leo Clair and Engineer La Faver of engine 36 and passenger train 85, on the Soo were both injured in a rather unusual accident while coaling at Pembine yesterday morning. The engineer was holding down the door of the chute and the fireman was loosening the coal which was rather lumpy with a pole, when the coal came with a rush striking the pole which knocked the fireman from the tank. In endeavoring to catch the fireman, Engineer, La Faver also fell and the result of the mix up, the fireman suffered a pair of fractured ribs and some other bruises and the engineer was bruised about the hips and had his ankle sprained.

La Faver was able to bring his train on to Rhineland, the end of his run but was unable to go back on 84 last evening. Freight engineer Swan going in his place and will continue on the run until the engineer's recovery.

Fireman Bates is holding down the left hand side pending the return of Clair from Michigan where he is recovering at his home.

Attend Night School.

UNKNOWN IDENTIFIED

Brother of J. Monahan Claims Body Interment at Catholic Cemetery.

J. Monahan, an unknown, who died at St. Mary's Hospital of pneumonia the 15th of this month and was buried the following day, mentioned of which was made in our columns last week, was claimed by a brother of the deceased, William Monahan, Tuesday morning. At the time of the burial of Monahan it was thought that he had a brother living in Merrill, but no correspondence could be had with him. Later however the authorities got in touch with him and he arrived in the city Monday night.

The body was removed from the Forest Home cemetery to Hildebrand's undertaking rooms. Wednesday morning funeral services took place at St. Mary's Catholic church and interment at the Catholic cemetery.

AROUND THE CIRCLE

Mr. Keil, better known as "Peggie" had the misfortune to lose his happy home last Sunday afternoon together with most of the contents. The origin of the fire is not positively known but is thought to have caught from a defective stove pipe.

J. Russ, has purchased the farm property of Bert Elliott about two miles south of the City. A very wise move.

A little social party took place at the residence of Mrs. F. Bennett, Monday evening and all present seemed to enjoy themselves while tipping light fantastic to the strains of Maloney's whistling band, supplied the music.

Quit a "stunt" was performed on the Lewis farm this week in the line of butchering, which places Armour and Co. all in the shade when W. B. Ames and Geo. Billington slaughtered three beef cattle and ten Hogs. Talk about butchering.

Miss Myrtle Jewell, is spending a few days on the Flats this week visiting at the home of W. P. Jewell.

Miss Addie Hanson is spending her Christmas vacation, with her parents at home near Minocqua, Wis.

Jewell and Hamlin are very busy people just about this time making calculations on doing quit a stunt in the logging business this winter.

Miss Edna Schultka departed for Merrill, Wis where she will spend her Christmas vacations with her parents and other relatives.

Sunday Christmas day was certainly a very dismal one to residents on the Flats as the storm was ragging at a fearful rate and one could scarcely venture out of the house on account of the blowing and drifting snow.

Miss Esther Jewell is spending a few days in the city at the home of Mr. Geo. Jewell on Eastern Ave.

Mrs. Emile Gilmour is home for a few days from camp near Monico where they are located for the winter.

There seems to be a great deal of attraction for one of the Power house employees up on the Flats of late. Of course we are not going into details just now.

TO LADIES OF RHINELANDER:

SERVE CHRISTMAS DINNER.

A company of about twenty relatives of Mr. and Mrs. O. S. Delap assembled at their home on Christmas day and were entertained with a Christmas dinner, music and social intercourse, all of which was greatly enjoyed by the guests present.

BIRTHDAY PARTY.

Yesterday evening a crowd of young folks gathered at the home of Mr. and Mrs. Bailey on the North side in honor of their daughter, Miss Beattie. As a remembrance of her nineteenth birthday, she was presented with a beautiful gold ring. Refreshments were served at 12 o'clock, and all report a good time.

How Old People May Prolong Their Lives

At advanced age the organs act
 more slowly than in youth. Circu-
 lation becomes poor, blood thin and
 watery, appetite flimsy, and diges-
 tion weak. This condition leaves
 the system open to disease such as
 Coughs, Colds, Grippe, Pneumo-
 nia, Rheumatism, etc.

VINOL is the greatest health
 creator and body builder we know
 of for old people, as it supplies
 the very elements needed to re-
 build wasting tissue and replace
 weakness with strength.

HERE IS THE PROOF
 A case is recorded in Albany, N. Y., of
 a woman who felt she was breaking
 down by age and was doomed to the
 weak and feeble condition of old people.
 She had no strength and the slightest
 exertion tired her, but VINOL made her
 well and strong, and she states that she
 feels ten years younger than she did be-
 fore taking VINOL.

We ask every aged person in
 this neighborhood to try a bottle
 of VINOL with the understanding
 that we will return their money if it
 does not prove beneficial.

ESCANABA LARGEST

That City the Most Populous of the
 Upper Peninsula Cities.

In the past ten years the popula-
 tion of the city of Escanaba has in-
 creased 39 per cent, which makes it
 the largest city in the upper peninsu-
 la of Michigan. Ironwood is the
 second city of the upper peninsula of
 Michigan 12,321 being only 273 be-
 hind Escanaba, or a gain of 32 per
 cent.

Sault Ste. Marie, the third city of
 the peninsula is credited with a pop-
 ulation 12,643. All the upper peninsu-
 la cities given out have made nice
 gains in population with the excep-
 tion of Ishpeming and Menominee,
 which have decreased. Following
 are the official figures of the upper
 peninsula cities:

Escanaba	13,191
Ironwood	12,821
Sault Ste. Marie	12,643
Menominee	10,503
Iron Mountain	9,216
Hancock	8,951
Laurium	8,534
Negaunee	8,460

NEW DISCOVERY KILLS GERM.

Prof. Eitner in experimenting with
 the famous "606", a specific discover-
 ed by Prof. Ehrlich, of Frankfurt
 discovered a substance that will
 drive from the human body every
 germ of any known disease.

So speaks Dr. S. W. Lambert of
 New York in commenting on the new
 discovery. It was the outcome of
 heating the 606 compound by fusing
 the tubes in which it was, to protect
 the contents. It is presumed the
 heat so modified the drug that it
 was rendered more toxic. Members
 of the medical profession say it will
 mean revolution in the practice of
 surgery and medicine.

Many persons find themselves af-
 fected with a persistent cough after
 an attack of influenza. As this cough
 can be promptly cured by the use of
 Chamberlain's Cough Remedy, it
 should not be allowed to run on un-
 til it becomes troublesome. Sold by

MRS. JAEGER DIES IN THIS CITY

Fond du Lac Resident Visiting
 Here Passes Away After
 Brief Illness.

Mrs. Carl Jaeger of Fond du Lac
 who has been here visiting her daugh-
 ters, Mrs. Joseph Brunz and Mrs. R.
 Rockel, and niece, Mrs. Carling, was
 taken sick about ten days ago and
 passed away Tuesday evening at
 midnight.

Mrs. Jaeger is survived by a hus-
 band and six children who all visit-
 ed her at her bedside during her
 brief illness. The deceased was a
 about seventy-five years of age and
 the remains were taken to Fond du
 Lac on the 10:25 train Wednesday for
 interment. Brief services were con-
 ducted by Rev. Clemens of the Me-
 thodist church, at the house Wednes-
 day morning. Mrs. Jaeger had many
 friends in Rhinelander as she has
 often visited this city.

TAKE CARE!

Remember that when your kidneys
 are affected, your life is in danger. M.
 Mayer, Rochester, N. Y., says: "My
 trouble started with a sharp shoot-
 ing pain over my back which grew
 worse daily. I felt sluggish and tired,
 my kidney action was irregular
 and infrequent, I started using Fo-
 ley Kidney Pills. Each dose seemed
 to put new life and strength into me,
 and now I am completely cured and
 feel better and stronger than for
 years."

Horrr, The Grocer!

The Good Things to Eat Man.

DEAR FRIENDS:

In a few days the old year will be a thing of the
 past and one we will long remember for one reason,
 you have made it one of the best years for business
 we have ever had, increasing our sales over last year
 by several thousand dollars.

We needed the increase, we got it, and we thank
 you.

We have tried, and we believe we have succeeded
 in giving you a little better service, a little better grade
 of goods than it is possible to get elsewhere.

Have we done so? We leave it to you to answer

Now we get down to brass tacks. We are going
 to again merit your patronage. One thing we do do
 is to give you the best value for the money that we
 possibly can. There will be no baits hung up. We
 will charge a profit on every article we sell and will
 not price a few things at cost or below, and get even
 with you on another.

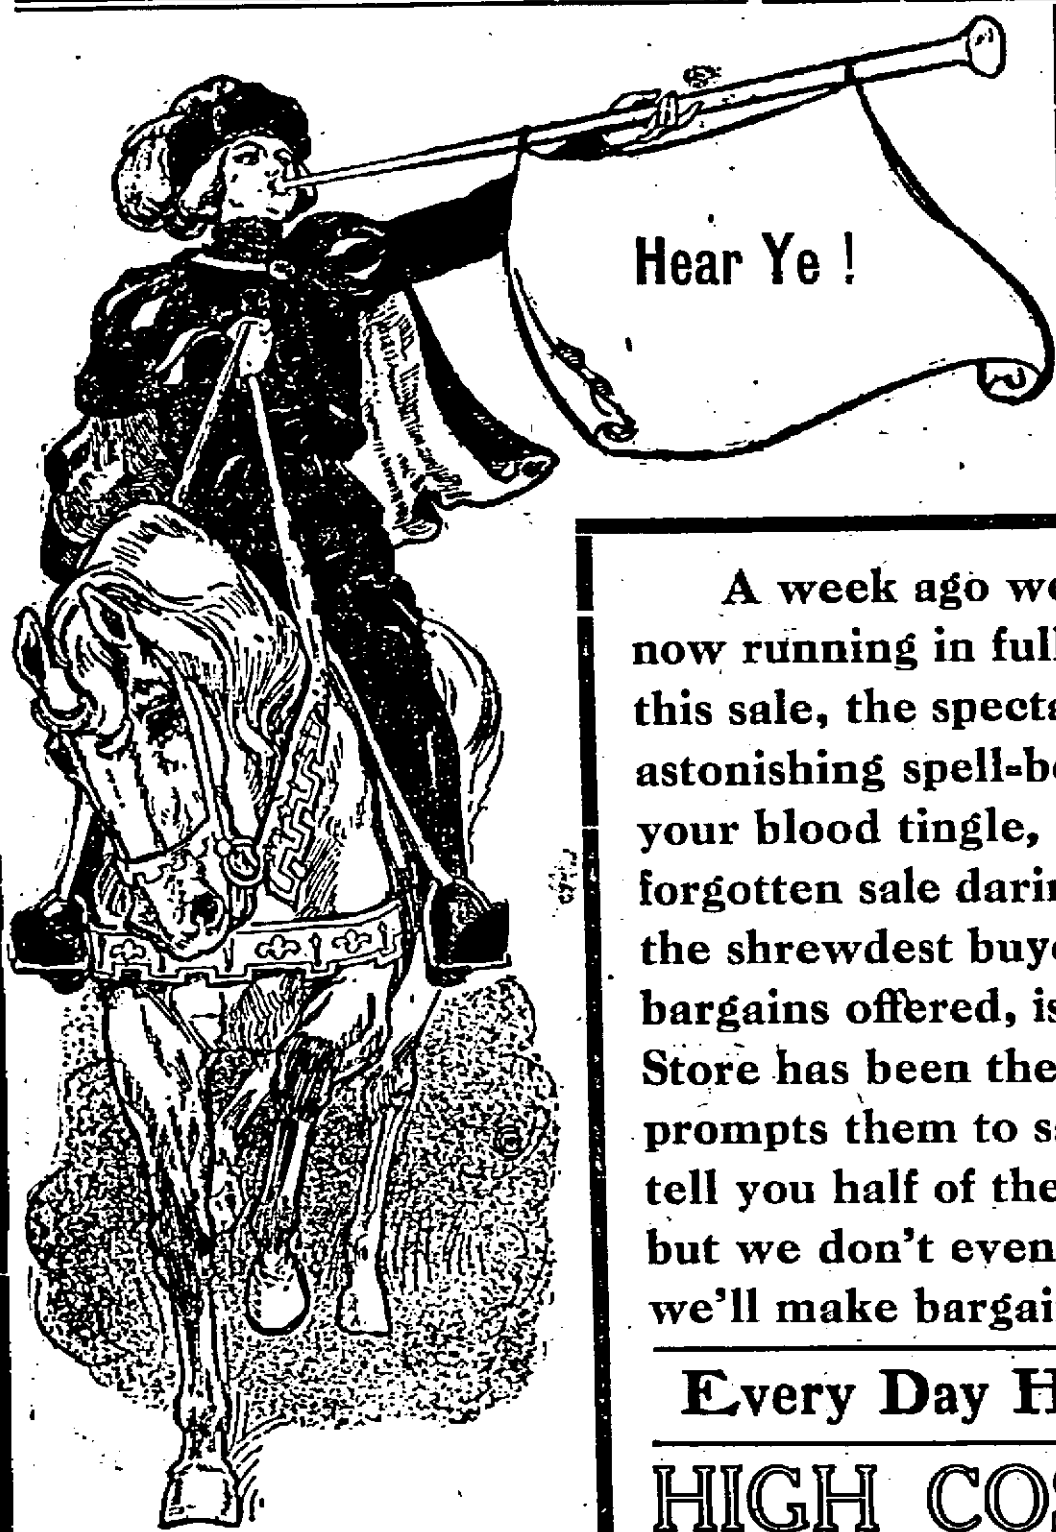

We are a quality store, where we would rather
 sacrifice a part of our business than to send out an in-
 ferior article. If you have traded with us you know
 this to be true. Your money back, always, if you are
 not satisfied.

Again I thank you.

Horrr, The Grocer!
 The Good Things to Eat Man.
